I. Background

The Commission initiated this proceeding to amend its regulations governing the assumed Federal income tax on competitive product income appearing in existing 39 CFR part 3060. The proposed amendments would revise regulations concerning the annual assumed Federal income tax calculation for competitive products to reflect changes to the Internal Revenue Code made by the Tax Cuts and Jobs Act and to remove other obsolete provisions.¹ The Commission sought comments from interested parties on whether it should update its regulations to reflect the changes and simplify the existing regulations.

II. Basis and Purpose of Proposed Rules

Section 3634(b) of title 39 of the United States Code requires the Postal Service to calculate the assumed Federal income tax on its competitive products income each year and transfer the amount of the assumed tax from the Competitive Products Fund to the Postal Service Fund. As required by 39 U.S.C. 2011(h)(2)(B)(ii), on December 18, 2008, the Commission issued the substantive and procedural rules for determining the assumed Federal income tax

calculation, as codified in existing 39 CFR part 3060.² In accordance with its specific authority under 39 U.S.C. 2011(h)(2)(B)(ii) and its general authority under 39 U.S.C. 503 to promulgate regulations and establish procedures, the Commission establishes this proceeding to consider two forms of amendments. First, the Commission proposes revisions to reflect changes made to the Internal Revenue Code after the Commission's initial 2008 rulemaking that would affect the computation of the applicable tax rate for the assumed Federal income tax calculation. Second, the Commission proposes to remove obsolete provisions that authorized one-time extensions of time for the Postal Service to calculate and transfer the assumed Federal income tax for fiscal year 2008.

A. Applicable Corporate Tax Rate

The assumed taxable income from competitive products for a given year “refers to the amount representing what would be the taxable income of a corporation under the Internal Revenue Code of 1986 for the year[.]” 39 U.S.C. 3634(a)(2). Existing § 3060.40(a) requires the Postal Service's calculation of the assumed Federal income tax on competitive product income to comply with chapter 1 of the Internal Revenue Code. Additionally, existing § 3060.40(a) specifies that the computation of the competitive products enterprise's assumed tax liability use either the “regular” rates in section 11 or the Alternative Minimum Tax (AMT) rates in section 55(b)(1)(B) of the Internal Revenue Code, whichever might be applicable.

² See Docket No. RM2008-5, Order Establishing Accounting Practices and Tax Rules for Competitive Products, December 18, 2008 (Order No. 151).

Since the codification of existing § 3060.40(a), the Internal Revenue Code has undergone changes. Effective December 22, 2017, the AMT no longer applies to corporations. Tax Cuts and Jobs Act § 12001, 131 Stat. at 2092 (codified at 26 U.S.C. 55(a)). Therefore, it is no longer appropriate for the Postal Service to compute the tax liability at the AMT rate, as contemplated in existing § 3060.40(a).

Rather than simply removing the cross-reference to the AMT, the Commission proposes replacing both specific cross-references to particular sections of chapter 1 of the Internal Revenue Code with a general instruction for the Postal Service to use the applicable tax rate for corporations. This would enable proposed § 3060.40(a) to stay current with any future changes to chapter 1 of the Internal Revenue Code affecting the tax rate for corporations. Moreover, this proposed approach would remain consistent with 39 U.S.C. 3634(a)(2).

B. Obsolete One-time Extension Provisions

The Commission published the existing regulations concerning the assumed Federal income tax calculation in December 2008 and they took effect in January 2009. Order No. 151 at 1, 21. Existing §§ 3060.40(c) and 3060.43(c) include a one-time extension for the Postal Service to submit the calculation and perform the annual transfer for FY 2008, extending both deadlines to July 15, 2009. Since the existing provisions concerning past extensions are outdated and unnecessary, the Commission proposes removing this material from existing §§ 3060.40(c) and 3060.43(c). The removal of these obsolete provisions would simplify the regulations.

III. Proposed Rules

Proposed § 3060.40(a). Proposed § 3060.40(a) replaces “section 11 (regular) or section 55(b)(1)(B) (Alternative Minimum Tax) tax rates, as applicable” with “applicable corporate tax rate.”

Proposed § 3060.40(c). Proposed § 3060.40(c) deletes the phrase “except that a one-time extension of 6 months, until July 15, 2009, shall be permitted for the calculation of the assumed Federal income tax due for fiscal year end September 30, 2008.”

Proposed § 3060.43(c). Proposed § 3060.43(c) removes the text of existing § 3060.43(c), in its entirety, and redesignates existing § 3060.43(d), and its text, as § 3060.43(c).
